IEK Engages at the Kenya Vision 2030 Housing and Urban Planning Stakeholders Workshop

Tuesday, 23rd June, 2026

The Institution of Engineers of Kenya (IEK) was represented by the Chairperson of the Caretaker Committee, Eng. Hilary Nyaanga, at a stakeholders' workshop jointly organized by Yellow Rose Kenya (YRK) and the Kenya Institute for Public Policy Research and Analysis (KIPPRA).

The forum was held on Tuesday, 23rd June 2026, at the Tamarind Hotel, Lang'ata Road, Nairobi. The workshop brought together key stakeholders from government, professional bodies, civil society, academia and the private sector to evaluate the achievements and implementation gaps of the housing and urban planning goals under Kenya Vision 2030.

Discussions focused on assessing progress in enhancing economic productivity through sustainable urban development, improving service delivery, strengthening compliance with public participation requirements, and identifying innovative planning paradigms to guide Kenya's future urban growth.

Through its participation, IEK reinforced the importance of integrating engineering expertise into the formulation and implementation of housing and urban development policies. The Institution remains committed to contributing technical perspectives that support evidence-based decision-making and the delivery of sustainable, resilient, and people-centred urban environments.

The Institution values opportunities to engage with policymakers and development partners in shaping strategies that will foster well-planned, economically vibrant, and sustainable urban centres in line with the aspirations of Kenya Vision 2030.

The Institution of Engineers of Kenya (IEK), in partnership with Kenyatta University (KU) and Engineers Board of Kenya (EBK) is pleased to announce the 2nd AJERI Scientific Conference to be held at Kenyatta University from 30th- 31st July, 2026.

The conference will bring together researchers, engineers, innovators, industry leaders, and policymakers to share cutting-edge research, foster interdisciplinary collaboration, and explore sustainable engineering solutions for Africa's development challenges.

Secure your attendance and be part of the conversation shaping the future of engineering innovation and resource sustainability.

IEK Editorial Board Conducts Site Visit to Kenyatta University Ahead of the 2nd AJERI Scientific Conference

Wednesday, 24th June, 2026

In preparation for the 2nd AJERI Scientific Conference, the Institution of Engineers of Kenya (IEK) Editorial Board conducted a site visit to Kenyatta University on Wednesday, 24th June 2026, to assess the conference facilities and finalize logistical arrangements ahead of the event.

The 2nd AJERI Scientific Conference, scheduled to take place from 29th to 30th July 2026, will bring together researchers, engineering professionals, academia, policymakers, industry leaders and students to share research findings, exchange knowledge and discuss emerging engineering innovations. Building on the success of the inaugural conference, this second edition is expected to further strengthen collaboration between academia, industry and the engineering profession.

Kenyatta University, a key partner in the organization of the conference, hosted the IEK delegation and reaffirmed its commitment to supporting the successful delivery of the event. During the visit, the teams reviewed the conference venues, exhibition spaces, registration areas, ICT infrastructure and other logistical requirements to ensure the institution is well prepared to host delegates.

The IEK delegation was led by Eng. Prof. Alex Muumbo, Chairperson of the Editorial Board, and comprised Eng. Caroline Matara, Secretary of the Editorial Board; Eng. Gladwell Nganga, Editorial Board Member; Eng. Evaline Langat, Editorial Board Member; Eng. Dr. S. Roy Orange, Technical Editor; Eng. Maureen Auka, Chief Executive Officer, IEK; Joseph Alot, Policy Research and Partnerships Manager; Kennedy Mawanza, ICT Officer; and Emmanuel Mwachofi, IEK Attaché.

The Kenyatta University team was represented by Eng. Joan Mahugu and Dr. Eng. Daniel Okaná Oyoo, who guided the delegation through the proposed conference facilities and participated in discussions on the operational arrangements for the event.

The site visit marked an important milestone in the conference planning process, demonstrating the strong partnership between IEK and Kenyatta University and their shared commitment to delivering a successful scientific conference that advances engineering research, innovation and professional knowledge sharing.

FIDIC Certified Contract Manager Training in Naivasha

22nd to 26th June 2026

The Institution of Engineers of Kenya continues to strengthen professional capacity in contract management through the ongoing FIDIC Certified Contract Manager Training at Lake Naivasha Resort. The training has brought together engineering and contract management professionals for an intensive programme aimed at enhancing competencies in the administration and management of engineering contracts in line with international best practices.

On Thursday, 25th June 2026, the training was attended by Eng. Hillary Nyaanga, Chairperson of the IEK Caretaker Committee and Eng. Fanuel Mwashigadi, Treasurer of the Caretaker Committee. Their participation underscored the Institution's commitment to promoting continuous professional development and strengthening expertise in contract management within the engineering profession.

Addressing the participants, Eng. Nyaanga emphasized the importance of professional excellence, ethical leadership and effective contract management in achieving successful project outcomes. He encouraged participants to leverage the training to enhance their technical and managerial capabilities, noting that sound contract administration is critical to delivering quality infrastructure projects on time, within budget and in accordance with contractual obligations.

The FIDIC Certified Contract Manager Training equips participants with internationally recognized knowledge and practical skills in contract administration, risk management, dispute avoidance and the application of FIDIC contract conditions. The programme forms part of IEK's ongoing efforts to build the capacity of engineers and related professionals to meet the evolving demands of the construction and infrastructure sectors.

Through such initiatives, IEK continues to advance professional excellence by providing learning opportunities that enhance technical competence and support the delivery of sustainable, high-quality engineering projects across Kenya and the region

IEK Strengthens Strategic Partnership with Strathmore University

29th June 2026

The Institution of Engineers of Kenya (IEK) has taken another significant step towards advancing engineering capacity development through a strategic engagement with Strathmore University's Strathmore Energy Research Centre (SERC).

The courtesy meeting brought together representatives from both institutions to review their successful partnership and explore opportunities for deeper collaboration. IEK was represented by Grace Wanjihia, and Gladys Wangui, while the Strathmore delegation comprised Dr. Churchill Saoke, Director of the Strathmore Energy Research Centre (SERC); Mr. Ignatius Maranga, Trainer at SERC; and Ms. Immaculate Mbau, Administrative Officer at SERC.

For the past four years, IEK and Strathmore University have successfully partnered in delivering the highly sought-after Solar Photovoltaic (PV) T1, T2 and T3 Training Programmes, equipping engineers with industry-relevant skills to support Kenya's growing renewable energy sector.

A key outcome of the meeting was the mutual commitment to formalize this long-standing collaboration through the development and signing of a Memorandum of Understanding (MoU). The MoU will provide a structured framework for the partnership while paving the way for the introduction of additional professional development programmes and specialized engineering training.

Both institutions reaffirmed their shared commitment to promoting excellence in engineering education, enhancing technical competencies and expanding opportunities for engineers through innovative training, research, and knowledge exchange. As IEK continues to strengthen strategic partnerships with leading academic and industry institutions, members can look forward to an expanded portfolio of high-quality Continuing Professional Development (CPD) programmes that will equip engineers with the skills needed to drive Kenya's sustainable development and energy transition.

IEK Delegation Pays Courtesy Call to EBK to Strengthen Strategic Collaboration

29th June 2026

The Institution of Engineers of Kenya (IEK) paid a courtesy call to the Acting Chief Executive Officer of the Engineers Board of Kenya (EBK), Eng. Grace Onyango, to strengthen collaboration and discuss strategic partnerships for key engineering events scheduled later this year.

The IEK delegation was led by Eng. Hilary Nyaanga, Chairperson of the Caretaker Committee and comprised Eng. Prof. Alex Muumbo, Chairperson of the IEK Editorial Board; Eng. Dr. Damaris Oyaro, IEK Member; Anvar Joseph Alot, Policy, Research and Partnerships Manager; and Leonard Kigen, Publishing Assistant.

The meeting focused on enhancing collaboration between IEK and EBK in supporting three major upcoming IEK flagship events:

- **Women's Engineering Summit 2026**, scheduled for 21st–23rd July 2026, which will bring together women engineers, industry leaders, policymakers, academia, and young professionals to promote leadership, mentorship, innovation, and inclusion within the engineering profession.
- **2nd AJERI Scientific Conference**, scheduled for 29th–30th July 2026, which will provide a platform for researchers, practitioners, innovators, and industry experts to showcase cutting-edge engineering research and promote knowledge exchange across the continent.
- **33rd IEK International Convention**, scheduled for 24th–27th November 2026, IEK's premier annual gathering that will convene engineering professionals, government, academia, industry, development partners and other stakeholders to deliberate on emerging engineering solutions that support Kenya's sustainable development agenda.

The engagement was timely and highly productive, with both institutions expressing their commitment to deepening their partnership and working closely towards the successful delivery of the upcoming events. The meeting underscored the shared vision of IEK and EBK to strengthen the engineering profession and enhance its contribution to national development.

IEK appreciates the warm reception accorded by Eng. Grace Onyango and looks forward to continued collaboration with EBK in championing initiatives that advance the engineering profession and serve the interests of Kenya and the wider region.

IEK Holds Ordinary General Meeting

2nd July 2026

The Institution of Engineers of Kenya (IEK) successfully held its Ordinary General Meeting (OGM), bringing together members to deliberate on key institutional matters and receive updates on the progress and strategic direction of the Institution.

The meeting was officiated by Eng. Hilary Nyaanga, Chairman of the Caretaker Committee, alongside members of the Caretaker Committee: Eng. Muguru Wairimu, Secretary of the Caretaker Committee; Eng. Fanuel Mwashigai, Treasurer of the Caretaker Committee; and Eng. Margaret Ogai, Member of the Caretaker Committee. Their leadership underscored the Institution's commitment to sound governance, transparency and member engagement.

During the meeting, members received updates on the Institution's ongoing programmes, strategic partnerships, professional development initiatives and preparations for upcoming activities. The OGM also provided an opportunity for members to discuss governance and operational matters, consider key resolutions and contribute to decisions that will shape the future of the Institution.

The active participation and constructive contributions by members reflected IEK's commitment to inclusive governance and collective leadership. The discussions and resolutions reached during the meeting will continue to guide the Institution as it advances its mandate of promoting engineering excellence and serving the interests of the engineering profession in Kenya.

IEK Explores Strategic Partnership with China's CAWEQM

13th July 2026

The Institution of Engineers of Kenya (IEK) recently hosted a delegation from the China Association of Whole-set Electrical Equipment Quality Management (CAWEQM) to explore strategic collaboration aimed at advancing engineering excellence, knowledge exchange and innovation in Kenya's power and energy sector.

The CAWEQM delegation comprised Alex Yu (ICEC), Wang Xiao (Kenya National Chamber of Commerce (KNCC) China Office) and Oza Zhenxz (Zhenxz). IEK was represented by Eng. Hilary Nyaanga, Chairman of the Caretaker Committee; Eng. Muguru Wairimu, Secretary of the Caretaker Committee; Eng. Fanuel Mwashigadi, Treasurer of the Caretaker Committee; Joseph Anvar Alot, Policy, Research and Partnerships Manager; Dinah Kendi, Relationships and Partnerships Officer; and Emmah Odhiambo, Technical Assistant.

The discussions focused on opportunities for collaboration in technical knowledge exchange, Continuing Professional Development (CPD), research and technology transfer, engineering standards and best practices, industry networking, technical exchange programmes and joint participation in conferences and exhibitions. Both organizations also expressed interest in developing a Memorandum of Understanding (MoU) to provide a framework for long-term cooperation.

A key highlight of the meeting was the announcement that a larger delegation of over 20 companies under CAWEQM will visit Kenya from 1st–5th September 2025. The visit is expected to strengthen business-to-business linkages, facilitate engagement with Kenya's engineering and energy sectors and unlock new opportunities for collaboration, investment and technology transfer between Kenyan and Chinese engineering stakeholders.

The Energy (Solar Water Heating) Regulations, 2025

Dear Member,

There's a significant regulatory shift in the energy sector.

On 9th July 2025, the Cabinet Secretary for Energy and Petroleum gazetted the Energy (Solar Water Heating) Regulations, 2025.

These regulations establish a mandatory framework for the entire solar water heating value chain in Kenya. Whether you are involved in manufacturing, importing, selling, or simply maintaining these systems, these rules now apply to your operations. Under these regulations, all persons and entities involved in the importation, manufacture, sale, installation, or repair of solar water heating systems must be licensed by the Authority.

Compliance Deadline: All entities are required to comply with all aspects of these regulations within one (1) year from the date of gazettelement (by July 2026).

EPRA has launched an online system for licensing applications for both workers and contractors. You can access the necessary documents and application portals via the links below:

- Licensing Guidelines:
[Download Application Guide](#)
- Official Regulations:
<https://epra.go.ke/energy-solar-water-heating-regulations-2025>

Please ensure you review these requirements promptly to avoid any operational disruptions as the compliance deadline approaches

2ND WOMEN ENGINEERS SUMMIT

THEME: ADVANCING SMART INTELLIGENT ENGINEERING SOLUTIONS FOR A RESILIENT FUTURE

Award Categories:

- Advocacy Excellence for Women in Engineering Award
- Distinguished Engineering woman Educator Award or (woman in academia)
- Excellence in Mentorship for Women Engineers Award
- Outstanding Woman Engineering Consultant of the Year Award
- Outstanding Woman Engineering Contractor of the Year Award
- Outstanding Young Woman Engineer of the Year Award
- Excellence in Technical Innovation Award
- Emerging Engineering Leader of the Year Award
- Outstanding Student Engineering Association Award
- Women Engineering Technician/Technologist Award
- Best Women-Led Initiative by an Organization Award

We invite members and the public to submit nominations for individuals and organizations that have demonstrated exceptional contributions to engineering and society.

IMPORTANT UPDATES

REWARD MECHANISM FOR MEMBERS SUPPORTING RESOURCE MOBILIZATION

Each mobilized resource is tied to a specific event, and members may choose either a delegate fee waiver or a 5% commission.

AMOUNT MOBILIZED (KES.)	DELEGATE FEE WAIVER
100,000 - 249,999	25% waiver
250,000 - 499,999	50% waiver
500,000 - 999,999	75% waiver
1,000,000 and above	100% waiver

Integrity: Members will not be allowed to mobilize funds from their current employers or organizations where they work, particularly if these are regular or existing IEK partners, to avoid conflicts of interest.

Existing Partners: Contributions from existing or regular IEK partners will be excluded from the incentive scheme. This is intended to motivate members to pursue new partnerships and grow IEK's funding base.

Terms and Conditions, including applicable taxes, apply.
